

PP Pipe clip

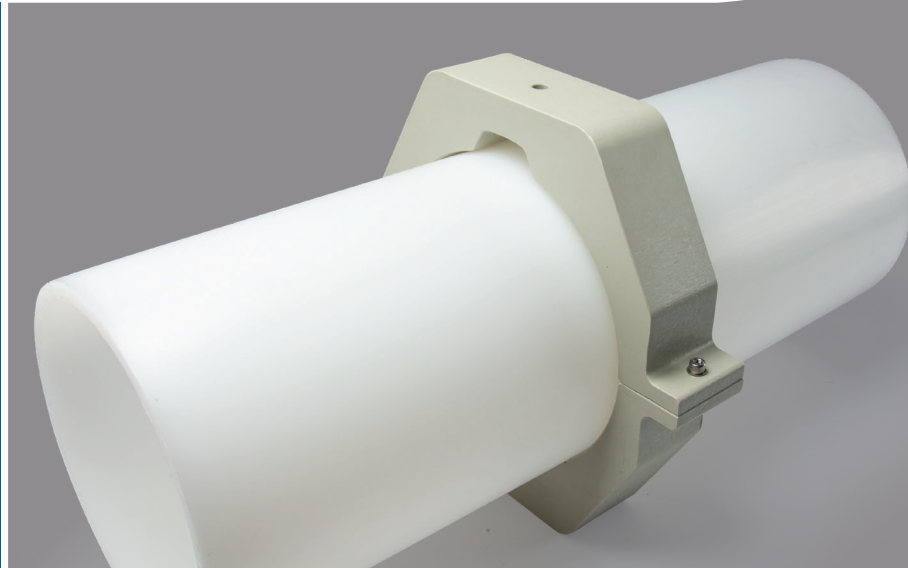

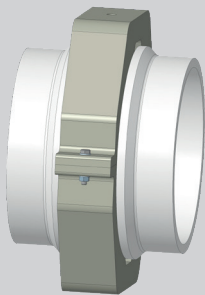

Properties of used material

- High temperature resistance
- Excellent corrosion resistance

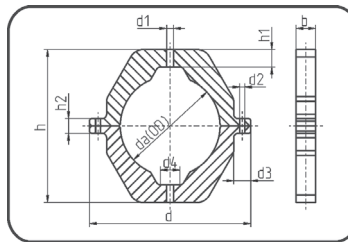

Advantages of AGRU pipe clip

- Simple and robust construction
- Multiple mounting possibilities
- Easy mounting and demounting due to separable upper and lower parts
- The inner diameter of the pipe clip is designed in a way that the pipe can slide in the clip even under extreme pressure and temperature loads.

- Further dimensions on request
Material: PP

Supply Range:

PP Pipe clip machined Code 11.348.4
