

# SP 110-B EF 110-B

## BEADLESS WELDING MACHINES FROM AGRU

### BEADLESS WELDING

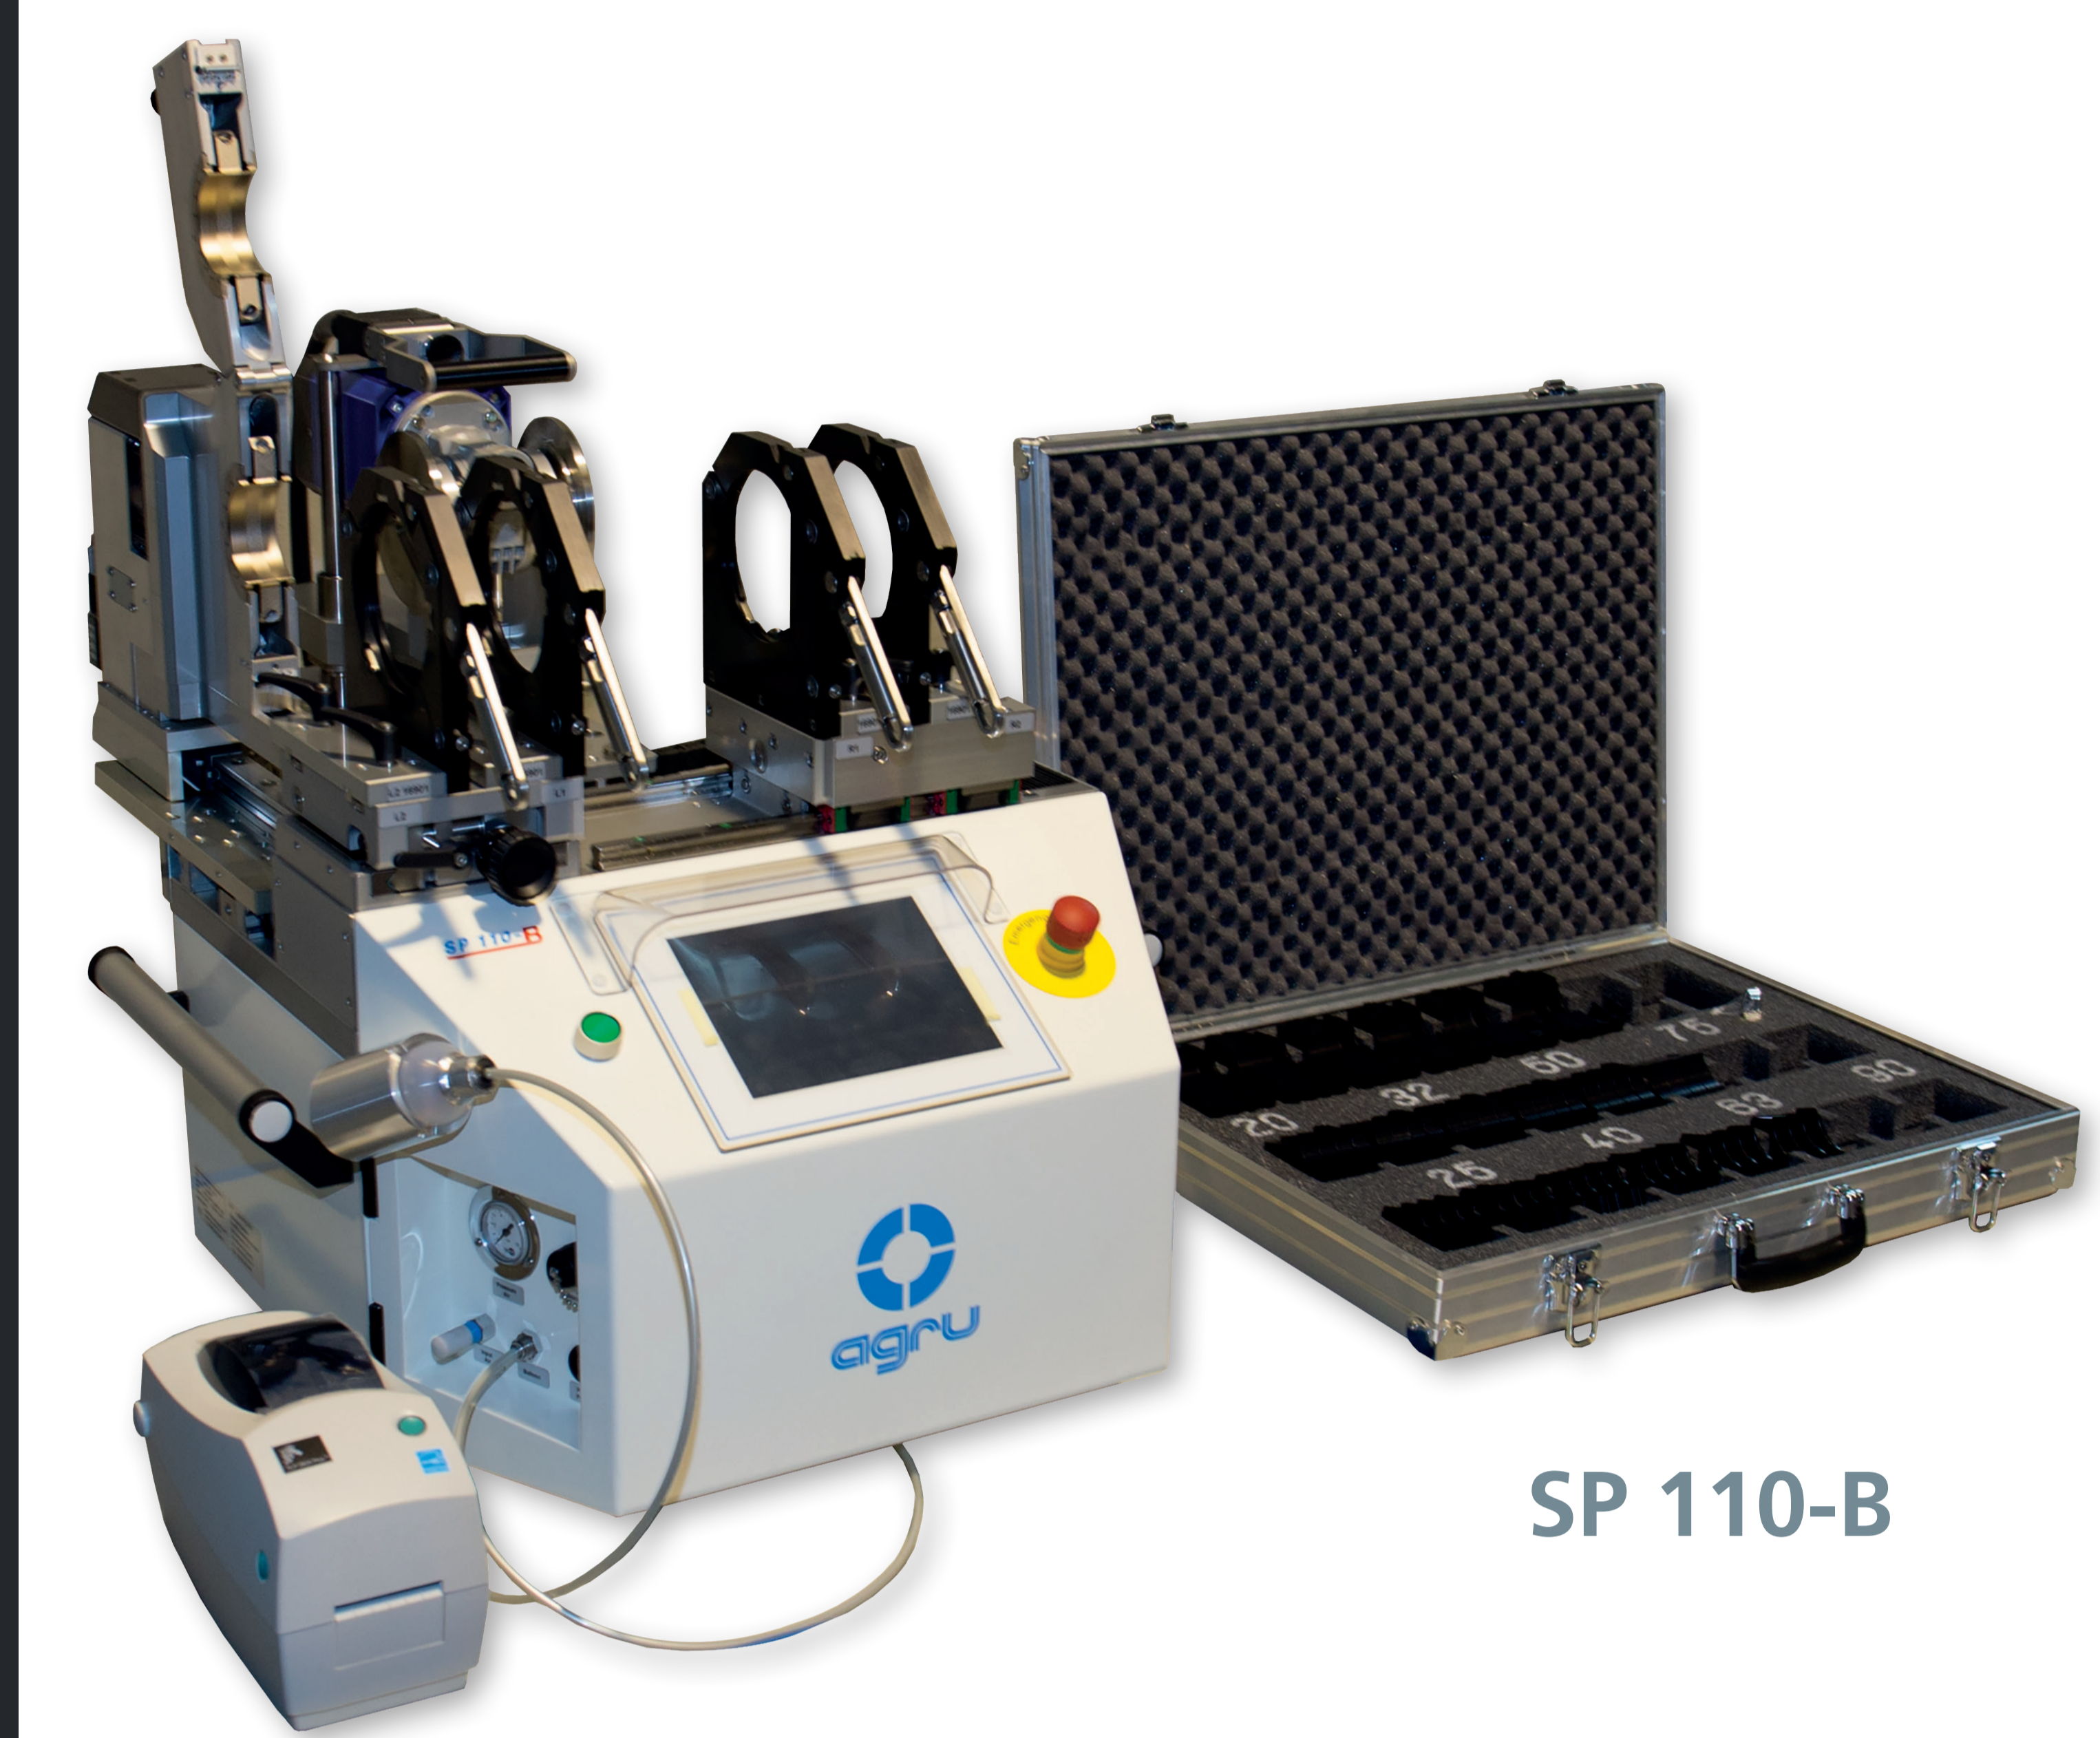

- State-of-the-art-technology for beadless welding
- Fully automated welding process and documentation

### EASIEST HANDLING

- Touch screen operation (SP 110-B) and barcode - RFID data input
- EF 110-B is optimized to perform overhead welds on site

### HIGH PURITY & STERILE PIPELINES

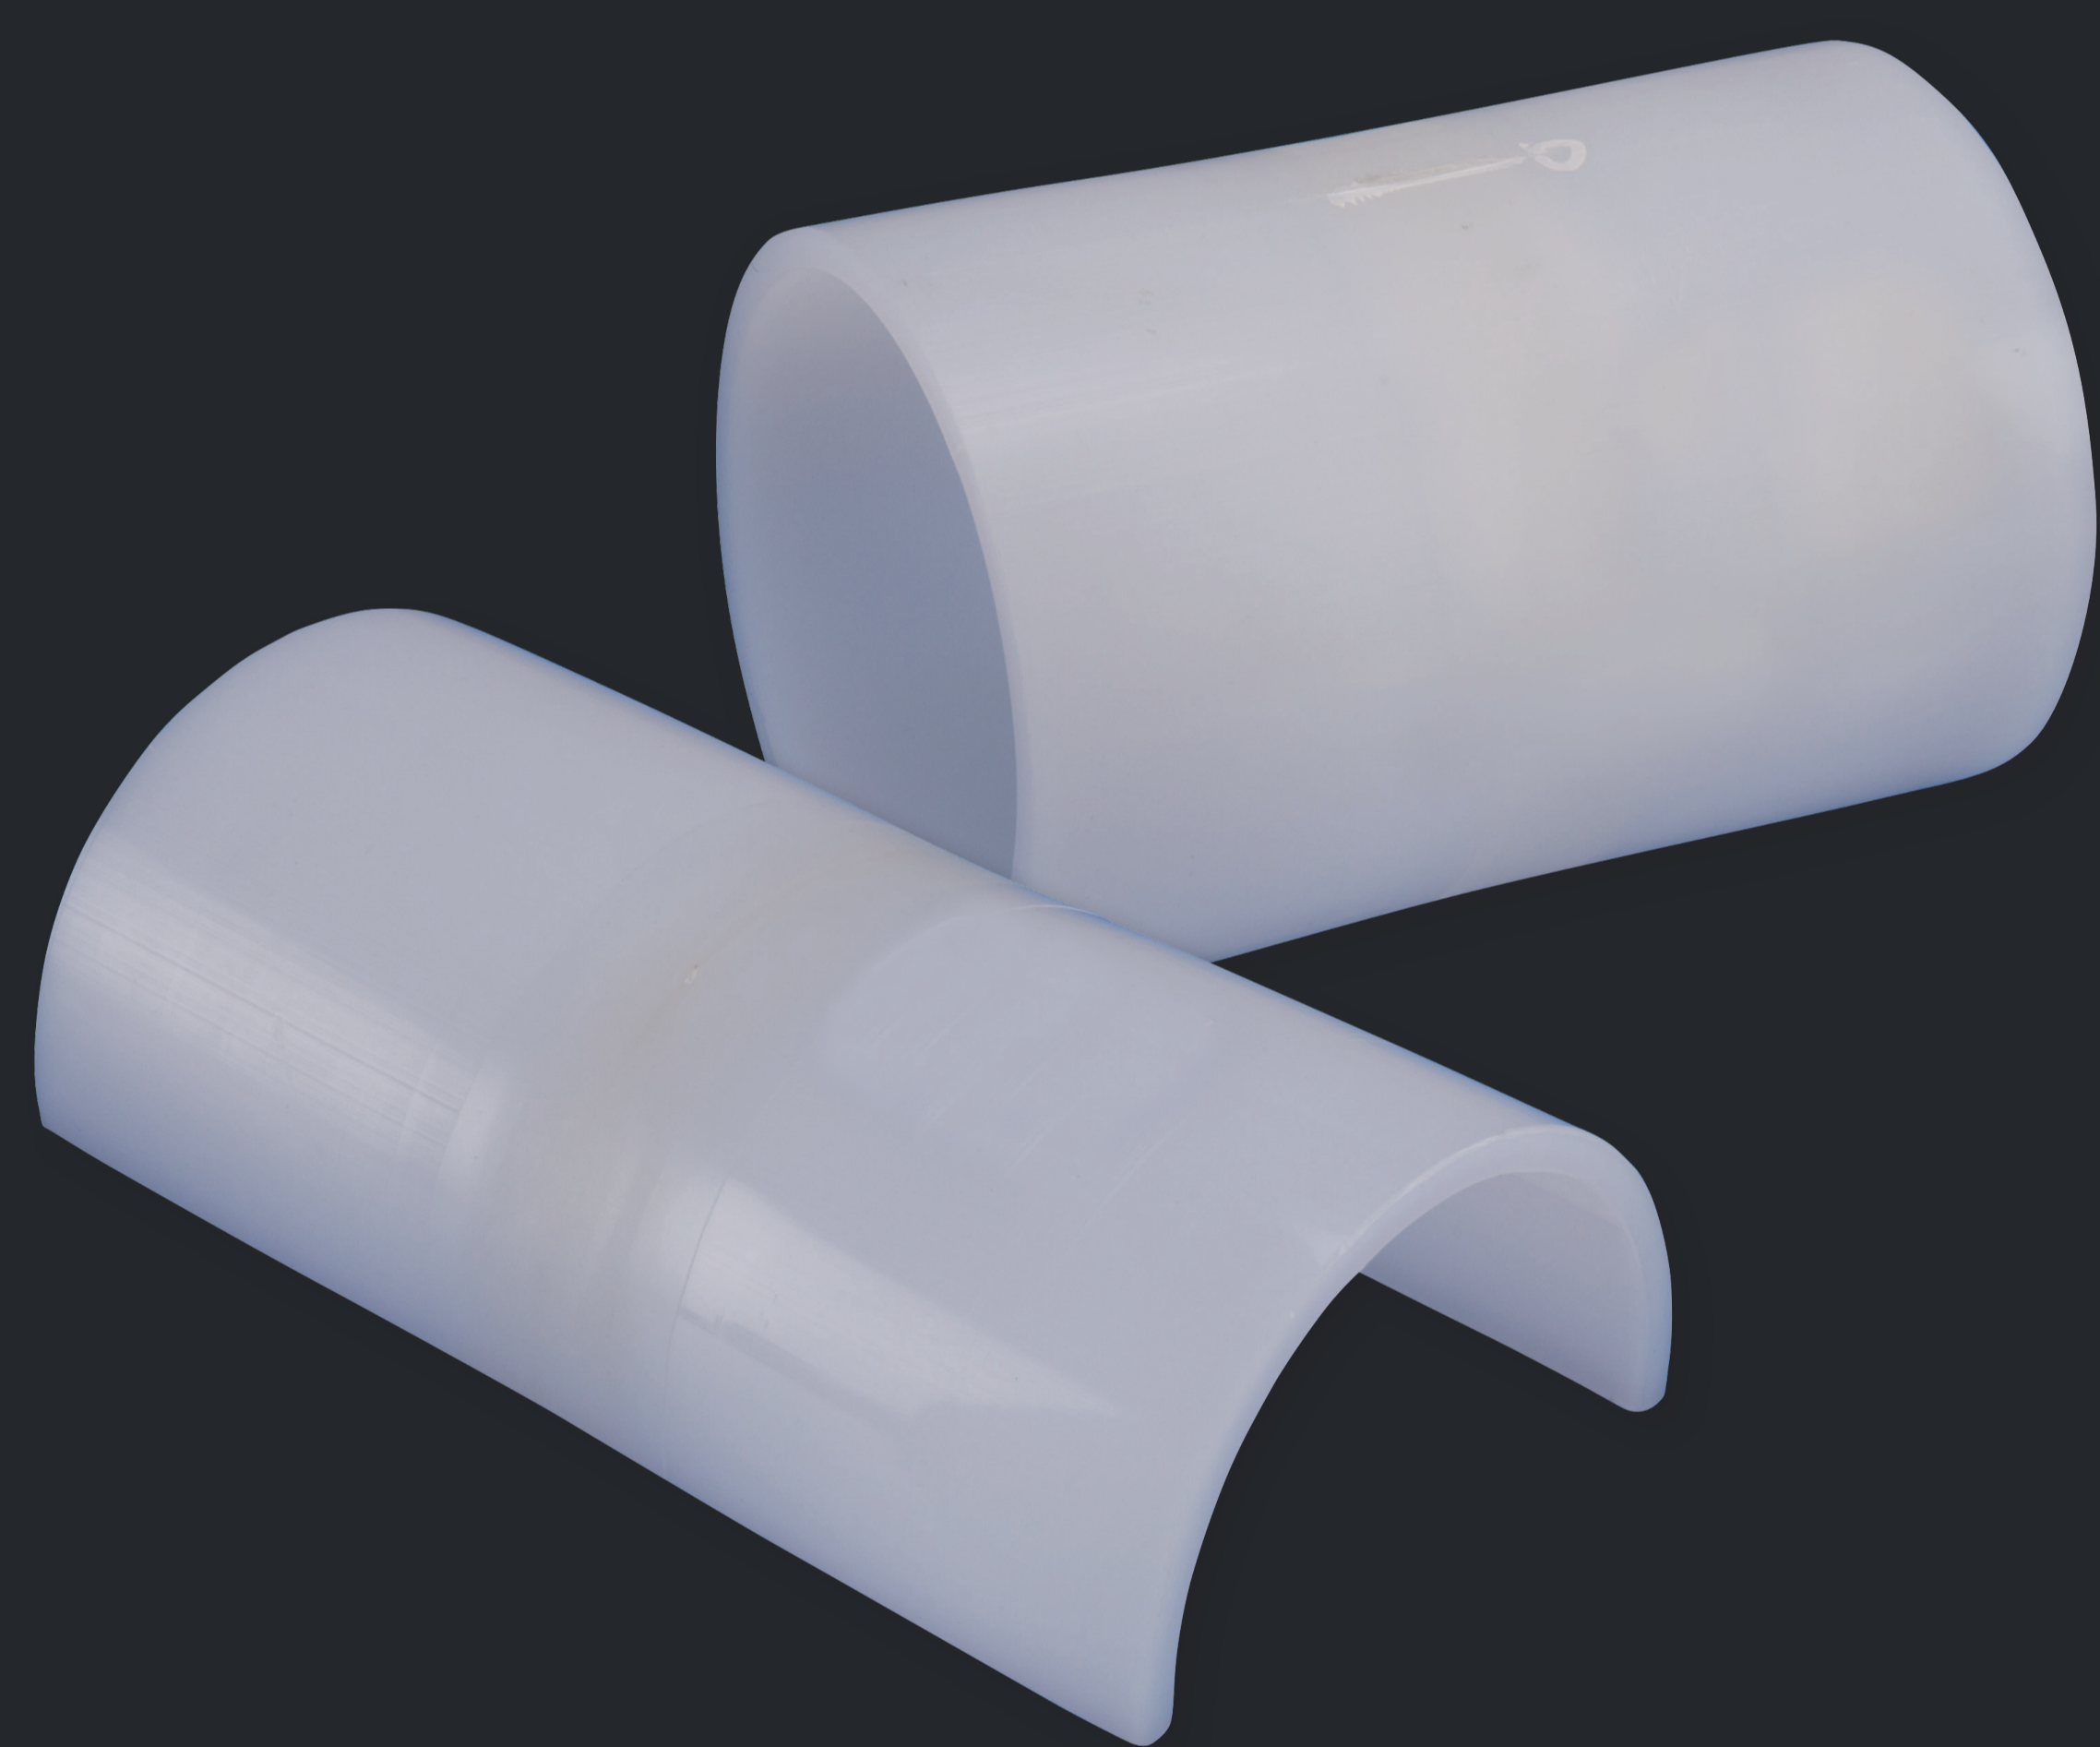

- Meets semiconductor-, life science- and chemical industry demands
- SP 110-B for components of PVDF UHP, PP Pure from OD 20 up to OD 110 mm
- EF 110-B for components of PVDF UHP from OD 20 up to OD 63 mm

SP 110-B
